

Authoring Incrementally

- Publishing systems need to offer versioning
- Metadata can include a status
 - being edited, under review, release candidate, needs updating etc.
- Editors can have different levels of control from authors

Authoring Incrementally

Using YAML to
add front matter
metadata to a
chapter

This information can be
displayed to an author /
editor

Chapter 4 – eBook Production with InDesign

Overview

Important Tips for InDesign Users when Making eBooks

Note: There are differences between these 4 scenarios:

- You have already designed for print and are intending to export for the re-flowable ePub.
