

# Authoring Incrementally

- Publishing systems need to offer versioning
- Metadata can include a status
  - being edited, under review, release candidate, needs updating etc.
- Editors can have different levels of control from authors

# Authoring Incrementally

Using YAML to  
add front matter  
metadata to a  
chapter

This information can be  
displayed to an author /  
editor

```

## Chapter 4 – eBook Production with InDesign

### Overview

---

### Important Tips for InDesign Users when Making eBooks

---

**Note:** There are differences between these 4 scenarios:

- You have already designed for print and are intending to export for the re-flowable ePub.
