Source system

Here we see Chapter
History

OmniBook is based on
the *BookType* system

The screenshot displays the OmniBook web interface. The top navigation bar is red and contains the text "OMNIBOOK" and the user's name "Chris Jennings" with a dropdown arrow, followed by "British English" with a dropdown arrow. Below this, a blue "Info" button is next to the chapter title "Student Guide to Oxford". The main content area features a photo of a street scene in Oxford, labeled "Carfax Tower". Below the photo, the section "Oxford Castle Quarter" is introduced, followed by a paragraph of text describing the castle's history. The text mentions that the castle was initially developed back in 1071 for William the Conqueror but was later demolished during the English Civil war. The prison buildings were later restored and Her Majesty's Prison Oxford was established in 1878. The prison was officially closed in 1996, although guided tours are available around the historic building and visitors can also climb the Norman Castle Mound for a panoramic view of Oxford. The rest of the buildings have been redeveloped as a complex of modern restaurants, as well as the Malmaison Hotel, which is themed on the old prison and is a perfect way to end your visit.

Below the text, the section "Christ Church" is introduced, followed by a paragraph of text describing the church's history. The text mentions that as one of the largest Oxford colleges with the Cathedral Church for the Diocese of Oxford, Christ Church is one of the most visited places in the city. Founded by Cardinal Wolsey in 1525, the buildings were originally named Cardinal College, but in 1546 they were renamed as Christ Church by King Henry VIII. Known for its many famous alumni, as well as being filmed for scenes, most notably The Great Hall in the Harry Potter films. This is also where Lewis Carroll met Alice Liddell, the daughter of a Dean at Christ Church and his inspiration for Alice's Adventures in Wonderland. The Cathedral and Gallery are not to be missed.

On the right side of the interface, there is a "Chapter History" sidebar. It contains a list of revisions with their timestamps and the user who made them. The revisions are:

Revision	Timestamp	User	Page Count
5	Jun 11, 2017 17:26:20	pageboy	5
4	Jun 11, 2017 17:17:30	pageboy	4
4	Jun 11, 2017 17:17:03	pageboy	4
3	Mar 24, 2017 23:48:11	pageboy	3
2	Mar 24, 2017 23:45:04	pageboy	2
1	Mar 24, 2017 23:41:53	pageboy	1

Each revision entry has a "Restore" button next to it. The sidebar also includes a "Click on any of the revisions below to compare them against the latest chapter's content" instruction.

From Ads that dances

From ads that dance or sing to MTV-like commercials, online advertisers are now using a new type of technology ¹² called "rich media" to attract consumers.

U.S. Internet advertising revenue will have reached about \$12 billion last year, up \$3 billion from 2004. Of this, advertisers spent about \$1 billion on rich media, up from \$800 million in 2003, according to the [Interactive ¹³ Advertising Bureau](#).

So what exactly is media? By definition, i It is an online advertising technique that combines graphics elements with audio technologies, giving Internet users an interactive experience. And with more than half ¹⁴ of American households connected online and using high-speed connections like broadband and DSL , it means a potentially lucrative way for online advertisers to get consumers' attention.

One company taking online advertising to a different level is Centale Inc. (OTCBB: CNTL), based in Fort Lauderdale, Fla. The online marketing and technology firm offers cutting-edge technology solutions to its clients.

Centale's premier application, the Catalyst EV, is a software platform that allows companies to communicate directly to the desktop of their audience in rich media format.

More than half has nothing to do with more than Alf or Moore than half or whatever. and other stuff that bring things on the screen [George Michael]r, 1249]

john: this is a comment. And this is what happens when it's on at least three lines and you can add stuff you want to say.

henericvanleuwen: this is a comment. And this is what. I can't believe it anymore.
