

Versions in the Cloud

The screenshot shows the Dropbox 'Version history' interface for a file named 'florence papertaskpaper'. The left sidebar contains navigation links: Files, Paper, Sharing, Recents, File requests, and Deleted files. The main content area shows a list of versions. The top version is the 'Current version' (142 bytes) edited by Chris Jennings at 7:47 AM. Below it are two more versions of the same file (135 bytes and 102 bytes) also edited by Chris Jennings. A date separator indicates versions from May 29, 2017. The first entry on May 29 is a rename action (80 bytes) from 'Untitled.taskpaper' to 'florence papertaskpaper'. The second entry is the original file 'Untitled.taskpaper' (80 bytes) edited at 10:26 PM.
