Authoring Incrementally

- Publishing systems need to offer versioning

- Metadata can include a status

  - being edited, under review, release candidate, needs updating etc.

- Editors can have different levels of control from authors

Authoring Incrementally

Using YAML to add front matter metadata to a chapter

This information can be displayed to an author / editor

```

Chapter 4 – eBook Production with InDesign

Overview

Important Tips for InDesign Users when Making eBooks

> **Note:** There are differences between these 4 scenarios:

- You have already designed for print and are intending to export for the re-flowable ePub.
